in this collection of 48 reprinted and completely original articles tammy anderson gives her fellow instructors of undergraduate deviance a refreshing way to energize and revitalize their courses 36 are reprints 12 are original to this text anthology first in 12 separate sections she presents a wide range of deviant behaviors traits and conditions including underage drinking and drunk driving doping in elite sports gang behavior community crime juvenile delinquency hate crime prison violence and transgendered prisoners mental illness drug using women and domestic violence obesity tattooing sexual fetishes prostitution drug epidemics viral pandemics crime control strategies and racial inequality gay neighborhoods hiv and bugchasers and lastly youth multicultural identity and music scenes second her pairing of classic and contemporary viewpoints about deviance and social control not only connects important literatures of the past to today s student readers her connections framework also helps all of us see social life and social processes more clearly when alternative meanings are accorded to similar forms of deviant behavior we also learn how to appreciate and interact with those who see things differently from ourselves this may better equip us to reach common goals in an increasingly diverse and ever changing

world third a major teaching goal of anderson s anthology is to sharpen students critical thinking skills by forcing them to look at how a deviant behavior trait or condition can be viewed from opposing or alternative perspectives by learning to see deviance from multiple perspectives students will better understand their own and other s behavior and experiences and be able to anticipate future trends balancing multiple perspectives may also assist students in their practical work in social service criminal justice and other agencies and institutions that deal with populations considered deviant in one way or another

oxford handbooks offer authoritative and up to date reviews of original research in a particular subject area specially commissioned chapters from leading figures in the discipline give critical examinations of the progress and direction of debates as well as a foundation for future research oxford handbooks provide scholars and graduate students with compelling new perspectives upon a wide range of subjects in the humanities social sciences and sciences the adage those who do not learn from history are doomed to repeat it is a powerful one for parents teachers and other professionals involved with or interested in deaf individuals or the deaf community myths grown from ignorance have long dogged the field and faulty assumptions and overgeneralizations have persisted despite contrary evidence a study of the history of deaf education reveals patterns that have affected educational policy and legislation for deaf people around the world these patterns are related to several themes critical to the chapters of this volume one such theme is the importance of parental involvement in raising and educating deaf children another relates to how deaf people have taken an increasingly greater role in influencing their own futures and places in society in published histories we see the longstanding conflicts through the centuries that pertain to sign language and spoken communication philosophies as well as the contributions of the individuals who advocated alternative strategies for teaching deaf children more recently investigators have recognized the need for a diverse approach to language and language learning advances in technology cognitive science linguistics and the social sciences have alternately led and followed changes in theory and practice resulting in a changing landscape for

deaf and hard of hearing individuals and those connected to them this second volume of the the oxford handbook of deaf studies language and education 2003 picks up where that first landmark volume left off describing those advances and offering readers the opportunity to understand the current status of research in the field while recognizing the opportunities and challenges that lie ahead in volume 2 an international group of contributing experts provide state of the art summaries intended for students practitioners and researchers not only does it describe where we are it helps to chart courses for the future

communication yearbook 36 continues the tradition of publishing state of the discipline literature reviews and essays editor charles t salmon presents a volume that is highly international and interdisciplinary in scope with authors and chapters representing the broad global interests of the international communication association the contents include summaries of communication research programs that represent the most innovative work currently with internationally renowned scholars serving as respondents to each chapter offering a blend of chapters emphasizing timely disciplinary concerns and enduring theoretical questions this volume will be valuable to scholars throughout communication studies
